

Assistance and Support a low-carbon economy / technology, 2020

JAN,01-2020 - PRESENT

Mutah University

Authored by: Entrepreneurship Center

Mutah University,

Mutah University is located in the town of Mutah in the Karak Governorate, 135 km south of the Jordanian capital Amman and 12 km from the ancient Karak Castle. The university was established by royal decree in 1981, and it is a two-pronged university, civil and military. The military wing began its work in 1984, and in 1986 the Council of Higher Education decided to establish a civilian wing in it.

The area of the university in its main site is 400 acres, 15 colleges, including 7 scientific colleges: science, engineering, medicine, pharmacy and nursing, and 7 humanities colleges: public arts, law, Sharia, educational sciences, sports sciences and a college for graduate studies, in addition to two deanships, namely: the Deanship of Scientific Research, and the Deanship of Student Affairs, and the university offers 105 academic programs, including 53 programs at the bachelor's level, 42 programs at the master's level, 9 programs at the doctoral level, and one program at the higher diploma level.

"Green University-Surplus Energy University"*

Entrepreneurship Center

The Entrepreneurship Center at Mutah University embraces all entrepreneurial ideas for the development of projects at all levels (small, medium, and large enterprises) in all productive sectors (industrial, agricultural, and service) by qualifying the beneficiaries with all the basic skills related to the development of individual capabilities, through opportunities. The target group's participation in training programs and continuous directives and their meeting with donors and professional experts aimed at guiding beneficiaries and promoting the idea of the success of pilot projects and occupying their positions in the competitive market environment.

Entrepreneurship Center Strategy

Spreading the culture of pioneering work and presenting pioneering and innovative projects through specialized business incubators to transform their promising creative ideas and develop their sustainable entrepreneurial work into real job opportunities for the development of the local community.

Strategic goals and objectives:

- Spreading awareness about the importance of initiatives and project development.
- Establishing business incubators and small projects that support the creation of job opportunities and the development of business practice.
- Enabling community members to establish and manage pioneering projects in cooperation with the relevant authorities.
- Building and supporting the capabilities of entrepreneurs through specialized educational and training programs.
- Supporting energy transition projects from conventional energy to renewable energy and promoting the use of low-carbon sources

The Entrepreneurship Center at Mutah University, in cooperation with Greenviro solutions, has supported the following initiatives to develop the use of energy sources with low carbon emissions.

PV Projects		
Project Name	Capacity (KWP)	Location
Justice Courts	366	Alkarak
Hijazi Villa	20	
Sameh Mall – Alkarak	115.5	
Mosques	262	
Residential Projects	390	

Projects samples

Within the framework of the strategic plan of Mutah University, the university has taken upon itself to adopt consultation programs for the low-carbon economy in the field of energy to help in the spread of awareness about the optimal uses of the energy.
