4 Job Fair Event

A job fair day was held for the University Jordan students in April 2nd, 2019 with participants from different sectors, companies and training centers for undergraduate students.

More than 15 companies and institutions from different sectors participated in the Job fair, they varied in specialties to form a line of communication with students expected to fit their specialties, and to access real jobs available in the labour market.

During the job fair day, we disseminated JOBJO project by a booth with a JOBJO roll up and brochures, presented the objective of this project and what can JOBJO project give for the under graduate students and graduate students.

The objective of this dissemination is to introduce JOBJO project and the objective of the project during the period of the project.

5 Scientific Day

The Ninth Scientific day was launched on 04.04.2019 morning at Hamdi Manko Center for Scientific research at the University of Jordan under the patronage of the vice president of academic colleges at the University of Jordan, Prof. Kifah Al-Jammani.

The event aims to spread the Culture of Scientific research between The University of Jordan and students to consolidate the concepts of scientific research among students at an early age has become the cornerstone for building future researchers.

On the sideline of the scientific day, the representative of the president of the University of Jordan, Prof. Kifah Al-Jammani, opened an exhibition for posters of participants in the Applied scientific projects competition for students of schools and universities.

During the Scientific Day, roll ups, Brochures for Erasmus + projects were presented with the supported companies at the exhibition of the event.

The Participated companies were Arab Pharmaceutical company “Academia”, “Green Outlook”, Al-Huratha for Biotechnology and Medical Products and Services and many other companies

EU Projects were Disseminated During this event including JOBJO Project with Brochures.

6 Erasmus+ International staff Week –Networking Fair

The International Affairs Unit at the University of Jordan organized the Erasmus Plus Week for the staff of international relations offices on 17.04.2019, who are involved in the exchange of students, academic and administrative staff, and project management.

Sixteen participants from 12 European universities participated in the week: The Danish University of Copenhagen, the British Bath University, the Swedish University of Sodertorn, the University of Bradford, the Norwegian University of Bergen, the University of Barcelona, the Polish University of Warsaw, the Estonian University of Life Sciences and the Polish University of Jagiellonian, The University of Bucharest for Economic Studies, and the University of PeraAntirerof Portugal.

The aim of the week is to exchange experiences and best practices and discuss the challenges facing the exchange of students and academic and administrative staff, as well as discussing mechanisms for managing capacity building projects.

During this week, Prof. Ahmed Al- Salaymeh presented a presentation of Erasmus Plus projects including JOBJO Project in the university of Jordan and Existing in the Engineering Dept., In which the University of Jordan is either partner or grand holder, the presentation show the aims and the outcomes of the projects, also the participated partners in every project.

ERASMUS PLUS Programme–JOBJO Project Number: 598428-EPP-1-2018-1-JO-EPPKA2-CBHE-JP

DISCLAIMER: *This project has been funded with support from the European Commission. This publication [communication] reflects the views only of the author, and the Commission cannot be held responsible for any use which may be made of the information contained therein.*

Also during the event all the above projects was disseminate by presenting a roll up, brochure and dissemination materials in the exhibit, where that give a chance to the participants to have a chance to know more about each project.

| 17:00-17:20 | Power Generation Capacity Expansion under Water Availability Constraints: UK & Brazil Case Studies Dr. Mervan Qadran , Reader in Energy Networks and Systems and EPSRC-UKRI Innovation Fellow, Cardiff University, UK |
| 17:20-17:40 | Digital Energy Systems and Application of Distributed Ledger Technology Dr. Chao Long , Lecturer of Digital Energy Systems, Center for Energy Systems and Strategy, Cranfield University, UK |
| 17:40-18:00 | Peer to Peer Energy Trading and Demand Response Dr. Yue Zhou , Post-Doctoral Research Associate, Centre for Integrated Energy Generation and Supply Research Group, Cardiff University, UK |
| 18:00-18:20 | Discussions |
| 19:00 | Joint Dinner |

| | |
|--|---|
| Day 2 November 5, 2019 | |
| Session 4: Technological Innovation (Win-Win Solutions) | |
| Energy Efficiency & Desalination | |
| Chairman: Prof. Dr. Sahil Kiran Rapporteur: Eng. Alaa Al-Momani | |
| 09:30 – 9:50 | Renewable Sources of Energy for water (Solar Desalination) – Status and Prospects Prof. Dr.-Ing. Martin Kalschmitt , Hamburg University of Technology (TUHH) |
| 09:50-10:10 | Energy efficient water collection: Examples from Hamburg and Berlin Prof. Dr.-Ing. Mathias Ernst , Hamburg University of Technology |
| 10:10 – 10:30 | Innovative and energy efficient membrane treatment for salt retention Dr. Barbara Wendler , Hamburg University of Technology |
| 10:30 - 10:50 | Participatory creation of integrative energy scenarios for the Jordanian water sector Dr. Karam Al-Najjar , International Institute for Applied Systems Analysis-IIASA |
| 10:50 – 11:30 | Coffee Break |
| 11:30 – 13:00 | Panel Discussion on Water Desalination based on RE Technology <ul style="list-style-type: none"> Eng. Almad Al-Jarrah, WAJ Eng. Mervan Qadran, MEMR Prof. George F. Goushiopoulos, UJ Prof. Martin Kalschmitt, TUHH Prof. Dr.-Ing. Mathias Ernst Dr. Karam Al-Najjar Dr. Barbara Wendler |
| 13:00-14:00 | Summarizing of Recommendations and Closing Remarks |
| 14:00-15:30 | Lunch break |
| Conference End | |

8 The Ninth Conference on Scientific Research in Jordan

On November, 9th, 2019 The Ninth Conference on Scientific Research in Jordan was held at the University of Jordan with participating of more than 6 Institutions and more than 300 participants who are interested in scientific research in many fields.

The main fields that were covered during the conference:

- 1- **The field of teachers in general education institutions.**
- 2- Preserving education during asylum time field.
- 3- The engineering interconnection between energy, environment and economics field.
- 4- Sustainable agriculture and food security in Jordan field.
- 5- **The national economy in light of contemporary changes field.**
- 6- **Jordanian scientific research innovation field.**
- 7- Malnutrition - problems and solutions field.
- 8- Crisis and Emergency Management field.

Prof. Ahmed Al-Salaymeh was a chairman of the engineering interconnection between energy, environment and economics session.

Also during the conference many Erasmus + Projects such as JOBJO were disseminated by presenting a roll up, brochure and dissemination materials in each related session, where that give a chance to the participants to have a chance to know more about each project and link it with the session field.

Invitation card

المؤتمر التاسع للبحث العلمي في الأردن
The Ninth Conference
on Scientific Research in Jordan

جلسات المؤتمر

محاور المؤتمر

- المدرسون في مؤسسات التعليم العام
- الترابط الهندسي بين الطاقة والبيئة والاقتصاد
- الزراعة المستدامة والأمن الغذائي في الأردن
- الاقتصاد الوطني في ظل التغيرات المعاصرة
- الإبداعات البحثية العلمية الأردنية
- سوء التغذية - المشاكل والحلول
- إدارة الأزمات والطوارئ

9 Seminar on Erasmus+ Capacity Building in Higher Education 2020 Call for Proposals

A training workshop for writing and management of European Funded projects (Erasmus+ projects including JOBJO) was held on November 21th, 2019 at the conference room of Prince Hussein College for the International Studies, organized by the International Affair Unit in coordination with Prof. Ahmed Al-Salaymeh, Erasmus+ projects coordinator at the University of Jordan.

This workshop aimed at training and improving skills of writing and managing European projects (Erasmus+) for more than (40) participants from different faculties at UJ.

JOBJO project was disseminated by presenting its objectives, partners and current activities.

10 Scientific Day Event

Scientific research committee at the University of Jordan held a scientific event for University students at the Dean of Students affairs and its aim to increase the knowledge at research subjects by presenting Genetic Engineering, Renewable Energy and Research methodologies by Academic staff at the University of Jordan

During the event, Erasmus + projects were disseminated to the students and JOBJO project was disseminated with its roll up.

11 EGREEN project Final Conference

Development of Environmental Engineering Courses and Injection of Climate Change Concept for Undergraduate Curriculum (EGREEN), under the patronage of H.E. Dr. Saleh Kharabsheh, Minister of Environment, the conference takes place on Wednesday, March 11, 2020 at the Presidency Building at the University of Jordan (UJ).

During EGREEN Final conference activities, JOBJO Project was disseminated with its roll up to the audience in addition to many project with participating of more than 150 from The University of Jordan and other universities.
