

JOB_JO Network Registration Form طلب انضمام " لشبكة الجوب جو "

In the scope of ERASMUS + project JOB_JO, we have being building a broad JOB_JO Network to promote employment in the provinces of Karak, Tafila, Maan, Aqaba and Irbid. .

The aim of the project is to recruit Jordanian in remote areas with high rates of poverty and un employment, through teaching, training, and requalifying the unemployed graduate students and empowering these areas at the economic and social levels with special focus on women.

The envisaged benefits of the Network is:

- i) create, through social networking sites, networking opportunities to aggregate and support ideas, experiences and competences in a common design of women's skills development to play an active role in the social- economic project reference contexts.
- ii) The establishment of the network will make it possible to achieve effective interaction between the project partners to solve unemployment problems.
- iii) the ability to participate in common actions between the members of the JOB_JO Network, such as: seminars, submission of proposals and development of projects, submission of publications in scientific journals and scientific conferences.

Now that we have been able to build this network it is important to boost the exploitation of all the potential that JOB_JO Network might bring to all partners. To achieve this, the JOB_JO website <https://www.mutah.edu.jo/job-jo/index.aspx> is a key tool that we can explore. With that purpose we will share with you in the JOB_JO website.

We would like to highlight that your collaboration is very important, therefore, we would like to have your contribution in upgrading continuously the JOB_JO website with information relevant to this project, for this purpose we would like to ask you to fill the information in this form.

The contribution of all will be successful to promote an effective network. Everybody is welcome to join and provide information. Please let your colleagues know about JOB_JO website and JOB_JO Network.

Brief description of the company/institution

Provide a short description of your company's/ institution's/ organization's activities, products and/or services *

Through its coordination office in Amman, ACTED is working in Jordan to meet the needs of the refugee populations in the country, with a shift from lifesaving activities to long-term livelihoods programming. ACTED also provides support to Jordanian host populations and local actors, also affected by the challenges faced by the country, ensuring all can access basic services. In Za'atari camp, Azraq camp and Mafraq, ACTED teams play a key role in the management and coordination of refugee camps, support to informal tented settlement populations and provide emergency assistance to ensure people's access to food, water and hygiene and sanitation facilities.

ACTED endeavors to respond to humanitarian crises and build resilience; promote inclusive and sustainable growth; co-construct effective governance and support the building of civil society worldwide by investing in people and their potential.

While the need for emergency aid decreased across Jordan in 2018, those living in refugee camps and informal settlements still rely on humanitarian relief to meet basic their needs. In 2018, over 81,000 people benefitted from ACTED's WASH assistance in Za'atari and Azraq refugee camps as well as vulnerable persons living in nearby communities. ACTED also supported almost 4,000 people with income generation activities, and reached 30 civil society organisations with capacity development trainings.

ACTED also supports the Jordanian government's development strategies through generating livelihood opportunities, capacity building of local stakeholders, and rehabilitation of Water, Sanitation, and Hygiene (WASH) infrastructure.

In parallel, ACTED is leveraging eight years of in-country experience and placing partnerships with local stakeholders and the needs of local communities at the centre of its work, contributing to building the resilience of vulnerable refugee and host community members.
