In the scope of ERASMUS + project JOB_JO, we have being building a broad JOB_JO Network to promote employment in the provinces of Karak, Tafila, Maan, Aqaba and Irbid. .

The aim of the project is to recruit Jordanian in remote areas with high rates of poverty and un employment, through teaching, training, and requalifying the unemployed graduate students and empowering these areas at the economic and social levels with special focus on women.

The envisaged benefits of the Network is:

- i) create, through social networking sites, networking opportunities to aggregate and support ideas, experiences and competences in a common design of women's skills development to play an active role in the social- economic project reference contexts.
- ii) The establishment of the network will make it possible to achieve effective interaction between the project partners to solve unemployment problems.
- iii) the ability to participate in common actions between the members of the JOB_JO Network, such as: seminars, submission of proposals and development of projects, submission of publications in scientific journals and scientific conferences.

Now that we have been able to build this network it is important to boost the exploitation of all the potential that JOB_JO Network might bring to all partners. To achieve this, the JOB_JO website <https://www.mutah.edu.jo/job-jo/index.aspx> is a key tool that we can explore. With that purpose we will share with you in the JOB_JO website.

We would like to highlight that your collaboration is very important, therefore, we would like to have your contribution in upgrading continuously the JOB_JO website with information relevant to this project, for this purpose we would like to ask you to fill the information in this form.

The contribution of all will be successful to promote an effective network. Everybody is welcome to join and provide information. Please let your colleagues know about JOB_JO website and JOB_JO Network.
