

Memorandum of collaboration between the members of the Job-JO network

The JOB-JO Project

The JOB-JO project – “Promotion Youth Employment in Prompt Areas in Jordan/Job-Jo 598428-EPP-1-2018-JO-EPPKA2-CBHE-JP” – is a project involving Jordanian universities, MPWH, GKM and European universities and companies. The main aim of the JOB-JO project is to promote youth employment and reduce poverty in remote areas in Jordan through the establishment of multiple career centers in the participating higher education institutions.

These will provide the necessary teaching and training services for unemployed graduates and re-qualify them to increase their job opportunities. The project also claims to have a special focus on women. The foreseen outcomes will effectively contribute to improving the capacity building process at the national level and to allow graduates to gain the skills and training needed for their profession.

The specific objectives of JOB-JO are:

- Establishment regional Business Service Network Bureau(BSNB) and this aims to promote employment in the provinces of Karak, Tafila, Maan, Aqaba and Irbid.
- Development of Training courses in the BSNB based on the experience exchange with the EU partners.
- Producing training material to BSNB.
- Adapting job creation instruments to the needs of young people in remote areas.
- Supporting initiatives designed to enhance the employability of young people in the region.
- Creating employment opportunities by supporting entrepreneurship.
- Include Lesson Learned from the European partners to ensure their cooperation with non-academic partners.
- Establishing Network Service between the Universities, Industries, and Public and Private Sectors.
- Promote the relationship between the Jordanian Institutions with EU partners.
- Train Students and staff from JO partners in EU partners institutions.

The JOB-JO Network

In the scope of the project an JOB-JO Network will be established. The aim of the JOB-JO Network is:

- To support the identification of the market need in Jordan.
- To support the new graduate to find Jobs.
- To facilitate exchange of good practises between the academic and industry staff through the BSNB.
- To be connected to Job-JO website and twinning procedures in order to promote transfer of knowledge among its members.
- To encourage the submission of common proposals and development of projects among the members of the network;

The JOB-JO benefits

The benefits for the JOB-JO Network members are:

- To benefit from the contribution of EU partners in order to enhance the capacity of Jordanian universities in this field leading to improve the qualifications and skills of their students.
- To access forum of discussion about the poverty and unemployment in Jordan.
- To be able to participate in common actions between the members of the Job-JO Network, such as: workshops, seminars, submission of proposals and development of projects, submission of publications in scientific journals and scientific conferences.

- The exchange of good practises between the members through the Job-JO website and twinning procedures in order to promote transfer of knowledge among its members.

short description of the organization

ABOUT US

maani VENTURES is one of Jordan's leading industrial groups that employs more than 700 engineers, technicians, and highly skilled laborers and professionals. Established in Amman in 1986 with the ultimate vision of developing a new generation of customized engineering products and solutions, maani VENTURES has expanded into a conglomerate of five companies that service Jordan, Egypt, Iraq, Kuwait, Libya, Saudi Arabia, Sudan, UAE, and Qatar. Today, and with our extensive expertise that spans over four decades, maani VENTURES services the MENA region and beyond through two core business divisions - CONSTRUCTION and FURNITURE.

maani CONSTRUCTION Through our six product lines at maani CONSTRUCTION, we supply a diverse range of construction products that provides high-value and customized engineering that meet the most rigorous time constraints. From steel hangars and campsites to portable cabins and three-story buildings and much more, maani CONSTRUCTION offers:

- **maani PREFAB** - specializes in construction of high-end prefabricated buildings.
- **maani STEEL** - specializes in design, supply, fabrication, and erection of pre-engineered buildings.
- **maani STRUCTURES** - specializes in structural steel projects such as power stations, cement and petrochemical plants, oil and gas projects, as well as high-rise buildings.
- **maani METALFORM** - specializes in producing Underwriters Laboratories (UL) approved fire rated steel doors, architectural sheet metal works, and cladding.
- **maani LGS** - specializes in using automated production and construction capabilities to provide light gauge steel building solutions.
- **maani SOLAR** - specializes in the complete integration of solar (PV) energy solutions into existing facilities, or new developments using German technology and in-house expertise to offset almost any electricity demand.

maani FURNITURE Building on our core strength of customized engineering, maani FURNITURE is one of the region's leading companies that provides contract furniture, bent wood, educational and professional labs, auditoriums, office and classroom furniture, and much more. This is serviced through the following five product lines:

- **maani OFFICE CONCEPTS** - specializes in the production of high-quality, functional, and durable office furniture solutions.
- **maani LEARNING & COMMUNITY** - specializes in providing a wide range of education and community institutional furniture for classrooms, lecture halls, auditoriums, libraries, and more.
- **maani LABS** - specializes in finding solutions for various types of laboratory furniture including learning, industrial, and research laboratories.
- **maani COMPONENTS** - specializes in the production of bent wood components.
- **maani CONTRACT FURNITURE** - specializes in turnkey contract furniture solutions that produce fire rated wooden doors, and operates in the luxury fit-out industry.
